LEGION OF FORNTIERSMEN.

Christmas Eve completes the third year since the proposal was made to raise a Corps of Frontiersmen. This idea of a Society of Véterans from the Forces, from wild countries and the sea, trained to serve as the eyes of an army in the Field, was authorised by the Government the moment Mr Haldane took office.

At the end of eighteen months, we find a Guard of Frontiersmen escorting the Under Secretary for the Colonies through East Africa; General Sir Reginald Hart taking commandatthe Cape, welcomed on hand by a squadron of the same Corps; the Johannesburg Command offering 1000 men, and the Home Commands tondering a similar number at a week's notice in case the Natal crisis should take a dangerous form.

During the recent native unrest in India Government official hadly wounded by riotors, was rescued by the Mysore Command. A few weeks ago members of the Thunder Bay Command on Lake Superior, engaged in rescue work after a mining accident, and one of them was killed trying to save a comrade. Even in the far off Province of Yukon, a Troop is forming among the Klondyke miners, and so on from every corner of the Empire, reports come in of the growth of this extraordinary

It may be noted that although entirely supported by its own members, who are poor men, the Legion has nover made any appeal for funds, and no consure has been incurred from the authorities in any province of the Empire.

From the outset, all arms and all ranks of His Majesty's Forces have been cordial in backing up these veterans, realising perhaps how in any moment in danger, the widespread Legion organisation is capable of mising an army for Imperial

Great Advance in Prices.

New York, Jan. 3. The newspapers are face to face with a ifficult situation. To-morrow the Paper will be held at the OFFICES of Mesers Trust, consisting of two mammoth corporations, puts up the price 25 per cent. Wood pulp has already advanced from 2c. to 2½c. per pound. This means that one cent Managers together with a Statement of (balfpenny, newspapers, using at least 40 tons daily, are so handicapped by the great increase in the price of material that they pany will be CLOSED from FRIDAY, the are compelled to reduce their amount of printed matter and the size of their staffs or increase their rates for advertising. The revenue from the last named, however, has already been seriously affected by the

174 business slump. In Pittsburg and other centres the newspapers have already raised their price from 1c. to 2c., but the old-established 3c. OTICE IS HEREBY GIVEN that the journals are not affected. The trust has ORDINARY HALF - YEARLY | bought up millions of acres of timber lands near the water, practically all, indeed, that are available for purchase. Instead of declaring dividends, it has devoted it, profits in the past to reinvestment in forest lands. Now, however, it is about to reward its patient shareholders. It has also either capitalised the Canadom pulp companies or has procured options in the North-Western provinces,

leaving the newspapers helpless, although Mr. Roosevelt, after receiving vigorously worded representations on the subject. TOTICE IS HEREBY GIVEN that the larged Congress, in his Message, to afford relief: But it is feared that before this is obtained many newspaper properties all over the country will have suffered disastrous losses. All this argues the need of a reform of the Dingley Tariff by a permanent Tariff Commission meeting periodically to deal with-new and changing conditions.

NTOTIOE IS HEREBY GIVEN that the N PEAK TRAMWAYS COMPANY have submitted to the Government revised plans shewing the route of the proposed now Tramway from the Queen's Road and of BATTERY PATH, via GLENEALY VALLEY to the PEAK. The route now proposed cuts the lower part of the North-eastern edge of the Public Gardens and then passing on trestles along their Western extremity, and within 100 yards of the Roman Catholic Cathedral crosses Robinson Road about 30 yards to the East of its junction with Conduit Road. Continuing upwards it passes within 120 yards of Inland Lot No.

BRITISH CONSULAR FEES.

A Projected Increase.

The Foreign Office reports the "Standard" is considering the question of increasing the fees paid to Consuls in the East who act as emigration officers for services rendered in the latter capacity. These officers perform very onerous duties, and their powers and responsibilities are by no means light. In addition to the usual work of inspection and control, they may at any time board and inspect a ship and her accommodation and the provisions and stores provided for the emigrants. They may require the production of the ship's papers for inspection, and may, if necessary, muster and inspect the emigrant passengers, and may even detain the ship for non-compliance with any regulation framed under statutory authority.

The fees which they are paid for their services do not come, directly from the Government, but are paid, like other charges incidental to an emigration officer's work, by the owners and charterers of ships employed in that particular branch of business, and have to be sanctioned by one of his Majesty's principal Secretaries of HONGKONG CINEMATOGRAP State. At the time the present scale of TO-NIGHT! fees was sanctioned the amount of emigration work which these officers were called First appearance in Hongkong upon to perform was comparatively slight, but, owing to the growth and development years, their duties and responsibilities have increased enormously. They have, therefore, sought the good offices of the Foreign Secretary in the hope that he may be able to secure for them such an improved scale of remuneration as will bear some reasonable proportion to the increased extent and responsibilities of their work.

Till 1891, the Melrose Logde occupied an unique position in the world of Freemasonry. Up to that date, it remained an independent Lodge. outside the pale of the Grand Loge of Scotland. The torchlight procession with which the Brethven annually celebrate the Festival of St. John dates back to 1746, and on every twenty-seventh of Decomber the members, proceeded by a band, and decorated with their insignia, march three times round the ancion Market Cross and thence proce d to the Abbey. Here the Brethren thread their way round the Second-hand, 62 ft. STEAM LAUNCH | broken columns and mouldering aisles three times, and finally gather at the chancel, where lies the heart of Bruce. BILE BEANS WORK A COMPLETE CURE. TIWENTY-five years mean a large part of a man's life. If you slept the whole of that rime at a stretch you would naturally feel that you had wasted a great part of your existence, yet time spent in pain and suffering that unfits you for thinking and working is worse than wasted, and a great many lives are blighted in that way which might be made happy and useful by

THE RACES.

Hongkong knows well how to put, its troubles by for the nome and to let pleasure displace care. Eccentricities of exchange, the de solating slowness of debtors in paying their dues and the disquieting importunity of creditors in claiming theirs, are to-day forgotten and instead the pleasant, though seldom profitable, task of picking the winner engrosses every body's attention. It is as well that it is so. Life is quite sufficiently neutral ended 9th February, 1908. coloured in this far-off corner of the world as things are. SERIOUS ACCIDENT TO MR DANBY.

Condition Hopeless.

The many friends of Mr William Danby, M.I.C.E., will be grieved to learn that he met with a serious accident about seven o'clock last evening by falling on the granite steps at the Hongkong Club. From what we can gather Mr Danby missed his footing where the steps narrow at the turn in the stairway and was precipitated on to his head, badly fracturing his skull.

Doctor Koch fortunately happened to be in the Clubrat the time and rendered first aid, afterwards despatching Mr (Danby to the Civil Hospital on an ambulance.

Mr Danby was admitted to the Hospital in a precarious state, and his condition is hopoless. He has been unconscious since the fall.

The sympathy of all who knew Mr Dan by will be extended to Mrs Danby in this time of grief.

On inquiring at the Hospital about five o'clock we were informed that Mr Danby was slowly sinking and would probably die a lehlig on hour or two.

STEAMSHIP SUBSIDY.

American Steamers to Australia.

HAMBURG.

WASHINGTON, February 6. The Committee on Appropriations of the Senate has voted for an onlargement of the subsidy to steamship lines running to the Philippines and Australasia. This means undoubtedly more money for

carrying the mails. The lines profiting by such a law would be the Pacific Mail, Great Northern and perhaps the Boston Steamship Company. At present there is no American mail line running from the Pacific coast to 'Australia. Up to a few months ago the Spreckels ran, three steamers to Australia from San Francisco. but after some years of service found it did not pay as the mail subsidy was too small.

ATLANTIC RATE WAR. An Atlantic passenger rate war has begun between the Cueard Company and the White Star Line. The White Star Line! have cut their second and third class fares from Liverpool and Southampton to New York and Boston. This is in consequence of the inroads made in the North Atlantic traffic by the Lusitania and Mauretania. The White Star Company asked for differential rates in vessels of the Baltic and Cedric type, but failed to get consideration. Following on these reductions, the Cunard

Company have published corresponding reductions in their second and third class fares. The White Star reductions, both to the United States and Canada from Southampton and Liverpool, range from 5s. to 15s, on third-class fares The secondclass reductions are roundly 30s.

"The American Line have followed suit. and announced a reduction in second and third-class fares, of 30s, and 15s, respectively, to Philadelphia. It is expected that other lines will do likewise, especially the Allan Line and the Canadian Pacific.
